I am unable to access the OCLC-Cat listserv

Applies to

- Connexion Client
- Connexion Browser
- Record Manager

Answer

To sign up or manage your subscription preferences for the OCLC-CAT and other OCLC listservs, fill out the Internet List Subscription Request form. If you are looking for listserv archives, the archives may have been migrated and are no longer accessible from the main listserv archive site. They can be accessed by going directly to the OCLC-CAT archives page.
