Music requests

Last updated: Tue, 26 Jul 2022 14:48:59 GMT

Find information about requesting music materials from UnityUK libraries. The Unity UK Mailing List may be used to make speculative requests for music scores with your colleagues around the UK. If you are not on the mailing list and would like to request access please contact OCLC Support.

The International Association of Music Librarians (UK & Irl), also known as IAML (UK & Irl) also run a mailing list for music requests and specialist advice. Information can be found via their website in the Resources tab.

IAML also administer the Encore21 Union Catalogue of Performance Sets, which is a helpful resource.
