Spell Check is marking every word as incorrect

Last updated: Thu, 31 Oct 2019 21:20:36 GMT

Symptom

- New computer install and spell check is marking every word as incorrect spelling

Applies to

- CONTENTdm
- Project Client

Resolution

Project Client did not have permission to create Window Registry Keys when installed and needs to be manually entered.

Contact OCLC Support so they can solve your issue and assist with the dictionary path.
