What is the character limit for ILLiad Status Lines and can I use line breaks in the Key Value?

Last updated: Tue, 19 Nov 2019 20:13:00 GMT

Symptom

- You want to know the character limit for the Status lines and if you can put in line breaks in the Customization Key value for the Status Line

Applies to

- ILLiad

Resolution

Here is the information for the options you have on the Status Lines.

1. You can customize the status lines with up to 1000 characters.
2. You can also add line breaks and coding to the key such as <p> or <br>.
