There is a link on a Discovery record that takes me to a different book with the same title.

**Last updated:** Thu, 24 Mar 2022 21:23:27 GMT

### Applies to
- WorldShare Collection Manager
- WorldCat Discovery

### Answer
This is an example of mismatched records due to settings in the WorldCat Knowledge Base as well as exact title matching. Please see our documentation on [Mismatched records and best practices for cooperative edits](https://help.oclc.org/Metadata_Services/WorldShare_Collection_Manager/Troubleshooting/There_is_a_link_on_a__).
