Why does an a appear in the 000 field of a LHR when an item is received in Acquisitions or Circulation?

Last updated: Mon, 06 Jul 2020 16:17:48 GMT

Applies to

- WorldShare Record Manager
- WorldShare Circulation
- WorldShare Acquisitions

Answer

When items are received in WorldShare Acquisitions or WorldShare Circulation, an a will be added to the 000 field in the LHR. When the record is validated this will disappear. It does not have an impact on the record's functionality.
