Discover how to create and edit your library profile page in WorldCat.org. Your institution’s WorldCat Registry profile determines how your name and location displays in the WorldCat.org interface and enables people to access your catalog from WorldCat.org. A current address in your profile ensures the display of accurate information and appropriate mapping via Google maps.

**Sign in to Service Configuration**

1. Go to the [Service Configuration Sign In screen](#).
2. Select how you want to sign in by clicking either **Use Your WorldCat Account** or **Use Your OCLC Services Account**.
   - For additional information and assistance in determining which account to use, learn [how to sign in to OCLC Service Configuration](#).
3. Enter your username and password.
4. Click **Sign In** or press <Enter>.
   - If this is your first time signing in with your WorldCat Account, the Select an Institution dialog will appear. You can select an **institution** from the drop-down list or click **I am not affiliated with an institution** to access the [WorldCat registry](#).
5. Click **WorldCat Registry > Name and Location** in the left navigation to access your institution’s WorldCat Registry profile.

**Configure settings for your institution(s)**

From your WorldCat Registry profile, you can edit and add your institution's:
1. Name
2. Address
3. Email address
4. Phone number
5. Library card form page

Your WorldCat Registry profile can also be used to add information for your institution's branch locations. Branch locations will appear under Library Locations at the bottom of the Libraries screen.
