Discover how to view lists and view the Item Details screen for a list item in WorldCat.org.

**View lists from the Lists tab**

Click **Lists** in the WorldCat.org global navigation to view lists.

**View lists from My Profile**

1. Select **My Profile** from your username drop-down menu.
2. Select **Lists** from the left navigation. All lists appear.
   - Results are sorted chronologically by the last update date.
3. Click a **list name** to view or update the list. For details, see [Update a list](#).

**View the Item Details screen for a list item**

1. Select **My Profile** from your username drop-down menu.
2. Select **Lists** from the left navigation. All lists appear.
3. Click a **list name** to view the list.
4. From the list screen, click a **title** or hover over a cover and click **View** to open the [Item Details screen](#) for the item.
