Language changes don't take place in WorldCat Discovery

Last updated: Thu, 19 Aug 2021 11:40:48 GMT

Symptom

• The settings that control the language used in WorldCat Discovery have been changed but the change does not display.

Applies to

• WorldCat Discovery

Resolution

Verify the URL or bookmark to WorldCat Discovery does not include the parameter:

`lang=<unwanted language code>` (for example, "fr" or "eng")

If this exists, it overrides your site language selection.
