With the library’s change password option, will that change the library’s password in our database or will the request go to staff to make the change?

Last updated: Fri, 19 Nov 2021 18:35:12 GMT

Applies to
- Relais ILL

Answer
If a library uses My Profile -> Change Password to change their password, the change is made in the database, staff do not need to make the change.
