How does PatronAPI work with ILLiad?

Last updated: Tue, 16 Aug 2022 14:42:54 GMT

Applies to

- ILLiad

Answer

Information on how Patron API works are in the PatronAPI: Authentication Process and Patron API: Customizing the Innovative Interfaces ILS (III) Settings documentation.

Additional information

If you have an error message when a patron signs in, you will need to look at the Customization settings and contact the person responsible for the authentication PatronAPI to fix the issue.
